Tony Pittz, Director of Lottery Security/RFP Coordinator  
Idaho State Lottery

- C. The Bidder is specifically notified that failure to comply with any part of the Request for Proposal may result in rejection of the proposal as non-responsive.
- D. The Lottery reserves the right at its sole discretion to reject all proposals received. The final selection, if any, will be that proposal which, in the opinion of the Lottery after review of all submissions by the Evaluation Team, best meets the requirements set forth in the RFP and is in the best interests of the Lottery and the State of Idaho. Bidder must use the provided "Pricing Sheet" to submit pricing, delivery areas and guaranteed delivery times, to be considered during the evaluation period.
- E. Bids not addressing all areas requested by this RFP may be deemed non-responsive and may not be considered for a possible contract awarded as a result of this RFP.
- F. The Lottery reserves the right to make an award without further discussion of the bid submitted. Therefore, the bid should be submitted initially on the most favorable terms the Bidder can propose. The Bidder shall specifically

stipulate the bid is predicated upon the acceptance of all the terms and conditions contained in the RFP.

- G. Bidder shall be prepared to accept the RFP and bid for incorporation into a contract resulting from this RFP. This RFP does not, however, obligate the State of Idaho or the Lottery to contract for services specified herein, and the Lottery can cancel the RFP at any time throughout the process.
  - H. In the event it becomes necessary to revise any part of the RFP, an amendment will be provided on the Idaho Lottery website ([www.idaholottery.com/pages/rfp](http://www.idaholottery.com/pages/rfp)) for all Bidders to access. The original RFP will be posted on the website as well.
  - I. The Lottery may award this contract to a single bidder statewide, or to multiple bidders by specific areas, whichever provides the most benefit to the Lottery. Pricing will be evaluated using a cost model offering the Lottery the best possible value over the initial term of the contract. The Bidder must provide a fully burdened rate which must include, **but not be limited to**, all operating and personnel expenses, such as: overhead, personnel costs, maintenance, repairs, administrative expenses, contracting costs, profit, equipment, and supplies.
  - J. Bidders should understand delivery areas are generalized and not specific, and no award will be considered a guarantee of a specific number of packages per year or be considered a right to deliver packages to any specific retailer. Retailers will be added and deleted based on Lottery licenses issued or withdrawn and based on other needs of the Lottery.
3. COMPLETION OF THE “CERTIFICATIONS, ASSURANCES AND UNDERSTANDINGS” FORM – Attachment A

The “Certifications, Assurances and Understandings” form, Attachment A, must be signed by an authorized representative of the Bidder. Bids which do not include a signed form shall be considered non-responsive.

#### 4. REFERENCES

Bidder shall furnish a minimum of three (3) references for which bidder has delivered goods or services on a contract similar in scope to that described in this RFP. Include name, address, and phone number of contact person for each reference.

#### 5. EVALUATION INTERVIEW

To aid in the evaluation process, after bid opening, the Lottery may require individual Bidders to make oral presentations to the RFP Evaluation Committee. If requested, Bidders asked to make oral presentations should

expect to give an overview of their proposals and respond to questions, which may include hypothetical scenarios and questions concerning quality assurance, coverage, delivery schedules, package tracking system, etc. Information provided and gathered from any oral presentations will become an official part of the Bidder's proposal response and will be evaluated and scored (the Bidder's cost associated with oral presentations are the responsibility of the Bidder). Oral presentations are optional and will be held at the discretion of the Lottery.

In no manner shall such action be construed as negotiations or an indication of the Lottery's intention to award.

## 6. CONTRACTOR'S REPRESENTATIVE

A. Designation: Bidder shall provide name, address, and phone number of Contractor(s) representative as required in bid documents.

B. Responsibility: Contractor's representative shall function as the primary point of contact, shall ensure supervision and coordination, and shall take corrective action as necessary to meet contractual requirements.

C. Availability: Contractor's representative, or designee, shall be always available during normal working hours throughout the term of the contract.

## 7. QUESTIONS AND ANSWERS

The Idaho Lottery will accept questions from bidders directed to the RFP Coordinator and submitted by October 6, 2023. All questions will be published on the Idaho Lottery website: [www.idaholottery.com/pages/rfp](http://www.idaholottery.com/pages/rfp). Responses to all submitted questions will be posted to the same location on the website by close of business, October 13, 2023.

## 8. BID AWARD

A. Preliminary Step: The RFP Coordinator will review the bids for compliance with RFP instructions and determine responses meet mandatory requirements.

B. Evaluation: The Evaluation Team will score the submitted proposals using an alphabetical grading system. If there are fundamental questions concerning the bid, the Evaluation Team will request clarification and/or presentations from the bidder during the time designated for the Evaluation Team's review. The Evaluation Team will review all aspects of each submission and will make the final award recommendation. The Lottery reserves the right to award to the bidder or bidders who demonstrate the best ability to fulfill the requirements of the RFP.

C. Scoring:

- 1) Pricing Proposal - This portion will focus on proposed costs, including initial costs, discounts, all additional fees, delivery schedules and terms of fixed, or other, pricing.
- 2) Technical/Specifications - This portion focuses on package security, equipment, service capabilities (including on-time delivery performance), and computer package tracking compatible with the Lottery system or an alternative.
- 3) Contract Management - This portion will focus on business stability, references, experience, problem resolution plan and local management of the Idaho account.

## 9. ANNOUNCEMENT OF APPARENT SUCCESSFUL BIDDER

The Evaluation Team will recommend the Apparent Successful Bidder to the Lottery Director. If the Director agrees and approves, he will take that recommendation for final approval to the Idaho Lottery Commission at their regular meeting, scheduled for November 16, 2023.

### III. LOTTERY PACKAGE DELIVERY SPECIFICATIONS

1. **Workload.** In Fiscal Year 2023 (July 1, 2022 – June 30, 2023) the Lottery shipped approximately 83,500 packages. The specific number of packages by Zip Code and weight are provided in Attachment B.

The Lottery ships two (2) times a week. Unless the weekday falls on a State recognized holiday, the shipping days are every Monday and Thursday. In the event of a State recognized holiday falling on a Monday, these shipments are fulfilled on Tuesday. In the event of a State recognized holiday falling on a Thursday, these shipments are fulfilled on Wednesday.

The Lottery generates approximately 1000 shipments of scratch tickets on Mondays and 700 shipments of scratch tickets on Thursdays. These numbers will vary depending on the number of orders and any new game launches and will change every shipment day. This is just an approximation. The tickets are not “live”, meaning they cannot be redeemed for cash, but the Lottery desires they be treated as if they were “live.”

Orders are packaged in corrugated boxes or polyethylene bags. The sizes of the envelopes and boxes are as follows:

**Boxes:**

- |            |              |
|------------|--------------|
| 13"x11"x5" | 17 – 32 lbs. |
| 13"x8"x3"  | 11 – 17 lbs. |

**Poly Bag Envelopes (Actual envelope size/size range when filled):**

Small 11"x14"/(8.5"x12"x1" ---8.5"x12"x3") 1-4 lbs.

Med. 14"x16"/(8.5"x12"x3.5"---9"x12"x4.5") 4-9 lbs.

Large 17"x17.5"/(12"x12"x3.5"--- 13"x12"x4.5") 9-12 lbs.

2. **Pickup.** All orders must be picked up at the Lottery warehouse at 2740 S. Cole Road, Unit 310, Boise, Idaho, 83709. Shipment pickup must occur in a mutually agreed upon window between 9:00 a.m. and 3:00 p.m.
3. **Coverage requirements.** The Lottery requires ground delivery service to its licensed Retailers, which are retail businesses located throughout the State of Idaho. The Lottery routinely licenses new retailers in the State and the Package Delivery Contractor is expected to provide delivery services to all new retailers.
4. **Subcontracting.** Subcontracting to achieve full coverage is allowed if the use of the subcontractor is pre-approved by the Lottery. If Bidder is including a subcontractor to fulfill coverage, bids should include the pricing for the subcontractor in their initial bid. Bidders shall indicate their intent to use a subcontractor in their bid. Prior Lottery approval of subcontractors will be a contract requirement and violation may result in termination of the Contract.
5. **Delivery time requirements/upgrades.** Preference is for orders to be delivered within **one business day** via ground service. The Idaho Lottery has retail locations in nearly all parts of the State of Idaho and is aware of the issues geography can potentially cause. If Bidder cannot achieve next day delivery service to every location, they need to specify the guaranteed delivery time. If it is not specified it will be included as guaranteed next day delivery. Deliveries must be made within the business hours of 7:00 a.m. to 4:00 p.m. in the respective time zone.
6. **Delivery location requirements.** In certain cases, notably large grocery chains, as an example, the Lottery may designate a standard delivery point or person for a retailer, which would appear on the label. The contractor must make delivery directly to the designated delivery person during normal business hours. These designated delivery points will be specified in the list of shipment locations.
7. **Tracking, tracing and signature requirements.** The Lottery requires all deliveries to be handed to a person whose name is to be recorded and be made available to the Lottery within 24 hours upon request. The Lottery requires the ability to track and trace shipments via the internet. Available data available should be no more than 8 hours old.
8. **Technical interface requirements.**

- A. To minimize the labor involved in shipping, the Lottery and successful bidder/contractor must develop a joint-use shipping label which meets both Lottery and Lottery Gaming System Contractor requirements.
- B. As part of the Response to this RFP, if the bidder requires a specific label or any other specific information than what is in current use on the label layout, the bidder shall describe how it will provide specifications that will permit the development of a joint shipping label. Lottery Gaming System Contractor, Intralot, provides computer services to the Lottery. The successful bidder/contractor will be required to interface with the Intralot system (or any replacement system selected by the Lottery). Through Intralot, the Lottery will provide the data file format required for the online shipping application.
- C. If pricing includes weight, package weights must be calculated by computer, utilizing individual package weights and a calculated total weight as part of the labeling process, rather than weighing each package individually by hand, to avoid the labor associated with weighing packages.
- D. The successful bidder/Contractor's computer system must be able to accept a daily file or manifest with data regarding each shipment, to ensure timely and accurate tracking and billing. Access to this tracking system information must be available to Lottery personnel via the Internet. Data should be updated as near to real time as possible, but never more than 8 hours delayed.
- E. Upon award, the successful bidder/Contractor will work with the Lottery and Lottery Gaming System Contractor, Intralot, to complete detailed specifications for the file, the transfer process, as well as any equipment or software required for accomplishing the task. Access to the tracking system information must be available to Lottery personnel via the internet. Data should be updated as near to real time as possible, but never more than 8 hours delayed.
- F. In addition to the previously described joint tracking system, the Lottery operates a separate inventory control system which requires the receiving retailer to scan a Lottery bar code on the joint label upon receiving ticket shipments, indicating they have possession of the delivered package.
- G. The successful bidder/Contractor is required to utilize a paperless billing system.

**9. List of Shipping Locations. See Attachment C.**

Attached is a current list of retailers at the time of RFP issuance. Because current retailers change constantly, this should not be considered 100% accurate going forward. The Lottery will provide an updated list at the time of interface implementation and Contract.

10. **Contract and General Terms and Conditions.** Successful bidder/Contractor(s) will be expected to enter a contract which will incorporate the RFP and successful bidder/Contractor(s) proposals.
11. **Financial Stability.** During proposal evaluation, the Lottery reserves the right to make reasonable inquiry to determine the financial stability and responsibility of any Bidder. Requests may include, but not be limited to, financial statements, credit ratings, references, record of past performance, on-site inspection of Bidder's facilities, or Bidder subcontractor facilities. Failure to respond to said request(s) is sufficient reason to consider the proposal non-responsive, at the Lottery's sole discretion.
12. **Established business.** To be considered responsive, Bidder must, prior to commencing performance, be an established business with all required licenses, accreditation, registration, bonding, facilities, equipment, and trained personnel necessary to perform the work as specified in the RFP. All Bidders must have a Federal Tax Identifier Number as required by IRS regulations. The Lottery reserves the right to require proof of said requirements, including business references within ten (10) calendar days from the date of request.
